

Rubén: **Oh what a beautiful day! The sun's shining, it's not cold... and there are white clouds in the sky. I'm going to lie down here to see the shapes that many of them make.**

Rubén: **Ohhhh,..What does that one look like?**

Rubén: ... **Yes! A little bear!**

Rubén: ... **And that one?...**

Rubén: ... **Yes! A bird!**

Rubén: ... **And that one over there? ...**

Rubén: ... **Very good! A flower!**

Rubén: ... **Wow, and that one? ...**

Rubén: ... **Yes! A cow!**

Rubén: ...**Ohh.. And that one? .., Does anyone know?.**

Rubén: ...**That's right, it's a gnome.**

Rubén: ...**And what does that one look like?**

Rubén: **Very good, it's a fish.**

Rubén: **Wow. This is fun!**

Rubén: **But what are clouds made of?**

Cristina : **I bet you can't guess!**

Rubén: **Are you made of steam, like the stuff that comes out of mum's pan when she boils the potatoes?**

Cristina: **Noooooo...**

Rubén: **Or smoke like the stuff that comes of something burning?**

Cristina: **Not that either... Try again!**

Rubén: **I don't know... many people say you look like cotton wool, like the stuff you use to cure a wound**

Cristina: **Ha, ha ha... it's true that we look like it, but we're not made from cotton either!**

Cristina: **We are made of millions of tiny drops of water.**

Rubén: **Tiny drops of water? I don't believe it!**

Cristina: **Well, it's true. When it's warm, vapour rises from the sea like the steam from your mum's pan when she boils potatoes, and then up here, where it's very, very cold, it turns back into droplets of water, that stay separate and float in the air.**

Rubén: **And when there's a lot of vapour...**

Cristina: **When there's a lot of vapour, the droplets get bigger and ...**

Cristina: **They fall on us as rain!**

Rubén: **That doesn't matter, it needs to rain from time to time. Let's go indoors to play for a while. See you there!**

Clouds are made of water droplets
Oh, what a beautiful day! The sun is shining and it's not cold....
 Floating up in my blue sky
 clouds and clouds of cotton wool
 funny, fancy clouds that are
 made of water droplets
 Floating up in my blue sky
 clouds and clouds of cotton wool
 funny, fancy clouds that are
 made of water droplets
 Some look just like bear cubs
 others look like small gnomes
 it's just an illusion
 your imagination
 Floating up in my blue sky
 clouds and clouds of cotton wool
 funny, fancy clouds that are
 made of water droplets
 Some look just like bear cubs
 others look like small gnomes
 it's just an illusion
 your imagination
 Floating up in my blue sky
 clouds and clouds of cotton wool
 funny, fancy clouds that are
 made of water droplets
 made of water droplets
 made of water droplets
 and after this song, I like clouds even more!!
